- Photoshop
- Adobe Illustrator
- Procreate
- Premier Pro

## Work Experience

### *Earth Fare: 2016-2017*

Stock person, Kitchen Assistant. I would restock shelves, organize and clean shelves. I would assist customers who had questions about the products. As a Kitchen Assistant I would help with prepping the food for the Hot Bar. I helped to fill and prep food for the Salad Bar. Assisted customers at the Deli, and also made and prepped pizzas.

### *The Home Depot: 2017-present*

Cashier, I assist customers when they need help finding a product. I answer general questions that customers might have about the products that we sell. I also know how to cut keys for customers and contractors.

## Volunteer Experience

### *APS STEM EXPO*

Every year I help APS with setting up and taking down the STEM EXPO held at North High. The STEM EXPO is a day where students from all Akron Public Schools attend. They present/display their Science Fair Experiments to be judged. I help with setting up the tables for the judges and projects. I work at the registration table the night before to register students who are participating in the EXPO. I also help to direct parents and student where to go the day of the EXPO.

### *Visual Editor/Designer*

#### *APS Science Department*

For the past four years, I have helped the ASP Science Department with APS Science Curriculum. I help to create graphics, tables, and charts for lesson plans and journals. I also read of and edit any journals and other types of curriculum before it goes out to the teachers. Editing includes, checking that the format and typeface of the document, and making sure that the organization and layout of documents are consistent.
